

Construction related to Somerset Street Pumping Station Rehabilitation, 22 Brookline Road, Somerset, NJ 08873, with \$464,750 financed by the New Jersey Water Bank (NJWB). The NJWB is a State Revolving Fund program jointly administered by the New Jersey Department of Environmental Protection (DEP) and the New Jersey Infrastructure Bank (NJIB) and uses a combination of funds provided by the United States Environmental Protection Agency, the DEP, and the NJIB to provide very low interest loans to borrowers for environmental infrastructure projects.

This project will provide water quality benefits to provide higher peak pumping capacity while the Authority concurrently pursues reduction in extraneous flow for residents and businesses in the Franklin Township Sewerage Authority Somerset Street Service Area.

State Revolving Fund programs around the nation provide states and communities the resources necessary to maintain and improve the infrastructure protecting our valuable water resources nationwide.
